POLICIES:

1. *Song requests not in the repertoire are entertained but subject for approval. Factors considered are lyrics and appropriateness of the song to the event among others.*
2. *Please check pertinent policies of the church on Bridal March, parts of the mass that can be sung, music for vows and songs for pictorial. Each church has its own rules on these parts.*
3. *Depending on the familiarity and difficulty of the song, we might prioritize 2 to 4 requests that we haven't performed before.*

4. *Bridal March requests are given the highest priority.*
5. *List of **requests** should be given not later than one (1) month before the day of the event. This gives us enough time to give input, prioritize and approve requests or provide alternate suggestions.*

Tips:

1. *Music for the Processional of the Groom, Parents and Entourage is usually in instrumental to highlight and contrast with the Bridal March song.*
2. *For music for the church pictorials (after mass), we suggest a song selection of medium steady tempo be chosen. This is to give consideration to the Commentators and Coordinators who are organizing the succession of group pictorial of your guests, and the photographers giving important instructions to those who are having their pictures taken.*
3. *For the music for the dinner during reception, we suggest a song selection of mixed repertoire (standards and contemporary pop) be chosen so that your guests, Sponsors and parents can enjoy the music ambiance.*
4. *It will be a good idea to put the slow and steady songs during the pictorials at the ceremony, and choose a more upbeat selection for the reception. We will be happy to assist you in this area.*

which will serve as template for organizing the songs for the event.

Once booking is finalized, clients will be provided with the **Anima Music Planner**
